

Glory Days

By Koby Lee

Verse 1: Your face is so pure
Your soul so innocent
You laugh like I only wish I could
You live in today
And worlds far far away
You dream and you believe

Pre-Chorus: I'm yours and you're mine
And we're here to spend time
You laugh and you play
And you make things all day
You are who you are
And no need to be anything more

Chorus: Don't wish your life away
'Cos these are the glory days
Don't wish your life away
Eventually you'll be
A grown up just like me
Don't wish your life away
'Cos these are the glory days

Are the days, are the days, are the days
Are the days, are the days, are the days
Are the days, hmmm, glory days

Verse 2: I love how your heart shines
And you speak words so kind
Everyone is good in your mind
Honesty you give
You're so inquisitive
You have a thirst and hunger

Pre-chorus, Chorus

Bridge: Butterflies they fly
Caterpillars they crawl
You have discovered it all
See the pretty rose
And watch how the thorns grow
You have discovered it all

Chorus x 2

Are the days, are the days, are the days
Are the days, are the days, are the days
Are the days, hmmm, glory days (*repeat*)

Glory days.
